NDT SERVICES

We select each method by material, component, defect type, access conditions and the sensitivity you need. Technicians are deployed directly to site anywhere in the Kingdom.

WHAT WE COVER

- Visual testing
- Ultrasonic testing
- Liquid penetrant testing
- Magnetic particle testing
- Welding inspection & welder qualification

WHAT YOU RECEIVE

- Test procedure and parameters used
- Records of indications and readings, with photos
- Technical interpretation of the results
- Recommendations for follow-up or repair evaluation

WHAT HELPS US QUOTE

- Equipment or asset type and quantity
- Work location and preferred date
- Applicable standard or client specification
- Previous reports, drawings or equipment lists

STANDARDS ISO 9712 · ASNT SNT-TC-1A · ASME V · AWS D1.1

Request a quote

Send the equipment type, quantity and site location. We reply with scope and proposal.
